Annual Report completed by
Rick Hendrickson
Law Enforcement Administrative Specialist

From the Chief of Police

Message from Chief David Smetana

It is a pleasure to present the Village of Pleasant Prairie Police Department 2020 Annual Report.

The Pleasant Prairie Police Department is comprised of law enforcement professionals who are each dedicated to providing a safe community for Village residents, businesses, and visitors. At the heart of our mission is the commitment to provide **Professional, Competent, Compassionate Service.**

The Pleasant Prairie Police Department is comprised of law enforcement professionals who are committed to service. Our highly trained and skilled officers and staff serve in a variety of specialties to provide the community with an outstanding level of service that has been our trademark for nearly fifty years.

2020 was marked by a worldwide pandemic and incidents of public unrest. The Pleasant Prairie Police Department met the new challenges that each day brought. We continued to provide safety and security to our community while serving everyone with dignity and respect regardless of their race, ethnicity, age, gender, or sexual orientation.

I am extremely proud of the men and women of the Pleasant Prairie Police Department. As you read this report you will see their accomplishments and efforts make for a remarkable police department. We look forward to continuing our tradition of service to a supportive community for years to come.

Respectfully,

David B. Smetana

Chief David B. Smetana

Our Code of Ethics

I am a professional police officer whose fundamental obligations are to safeguard life and property, while protecting and respecting the constitutional rights and freedoms of the people.

While I consider the way I choose to conduct my private affairs a personal freedom, I accept responsibility for my actions and inaction, while on duty or off duty, when those actions or inaction bring disrepute on the image of the Pleasant Prairie Police Department, my fellow officers, or the profession.

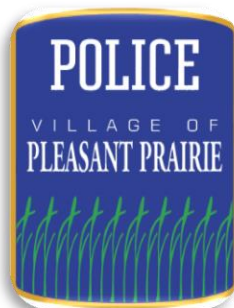

I will perform all of my duties in a professional and competent manner. I consider the responsibility to be brave in the face of danger, and to exercise restraint in the use of my powers, to be the ultimate public trust. I accept that I am expected to consistently strive to achieve excellence in the performance of my duties. I will take affirmative steps to keep myself physically fit and mentally prepared to do the job the Village of Pleasant Prairie pays me to do.

I will be honest and tell the truth. I will not engage in misleading others, telling half-truths, or withholding information from those who depend on my being honest. I will obey the laws I am sworn to uphold. I will seek ways to comply with the standards of the Pleasant Prairie Police Department. I will obey the lawful orders of my supervisors.

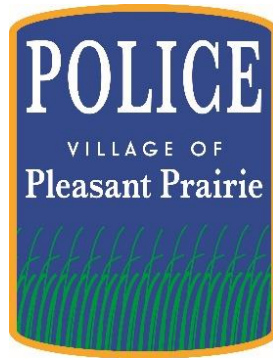

I will treat others with courtesy. I consider it a professional weakness to allow others' behavior to cause me to lose control or act in an inappropriate manner. I will not allow others' actions or failures to become my excuse for not performing my duties in a responsible manner.

I will empathize with the problems and burdens of those people with whom I come into daily contact. However, I will not allow my personal feelings, prejudices, or friendships to influence the discretionary authority entrusted to my job. I will seek ways to avoid conflicts of interest that could compromise my official authority or public image.

I hold the authority inherent in my position to be an affirmation of the public's trust in me as a police officer. I do not take this trust lightly. As long as I remain in this position, I will dedicate myself to maintaining this trust and upholding the ideals of the profession.

Our Mission Statement

Mission Statement

It is the mission of the Pleasant Prairie Police Department to be the model of excellence in policing by building partnerships with our community and others to be:

Professional - We conduct ourselves like professionals from our dealings with the public to our dealings with each other. This encompasses the fact that we are reliable, ethical and highly trained.

Competent - We hold ourselves accountable for our ability to fulfill all aspects of our job. We seek additional training to develop our skill sets that are required to protect and serve our community.

Compassionate - We serve as Guardian Warriors. While we are compassionate towards all and take pride in treating our fellow community members with compassion and empathy, we are also passionate about protecting our community and vow to do so.

Police Administration

Command Staff

**Chief of Police
David B. Smetana**

**Deputy Chief of Police
Randal A. Myles**

**2nd Shift Command
Lieutenant Pete Jung**

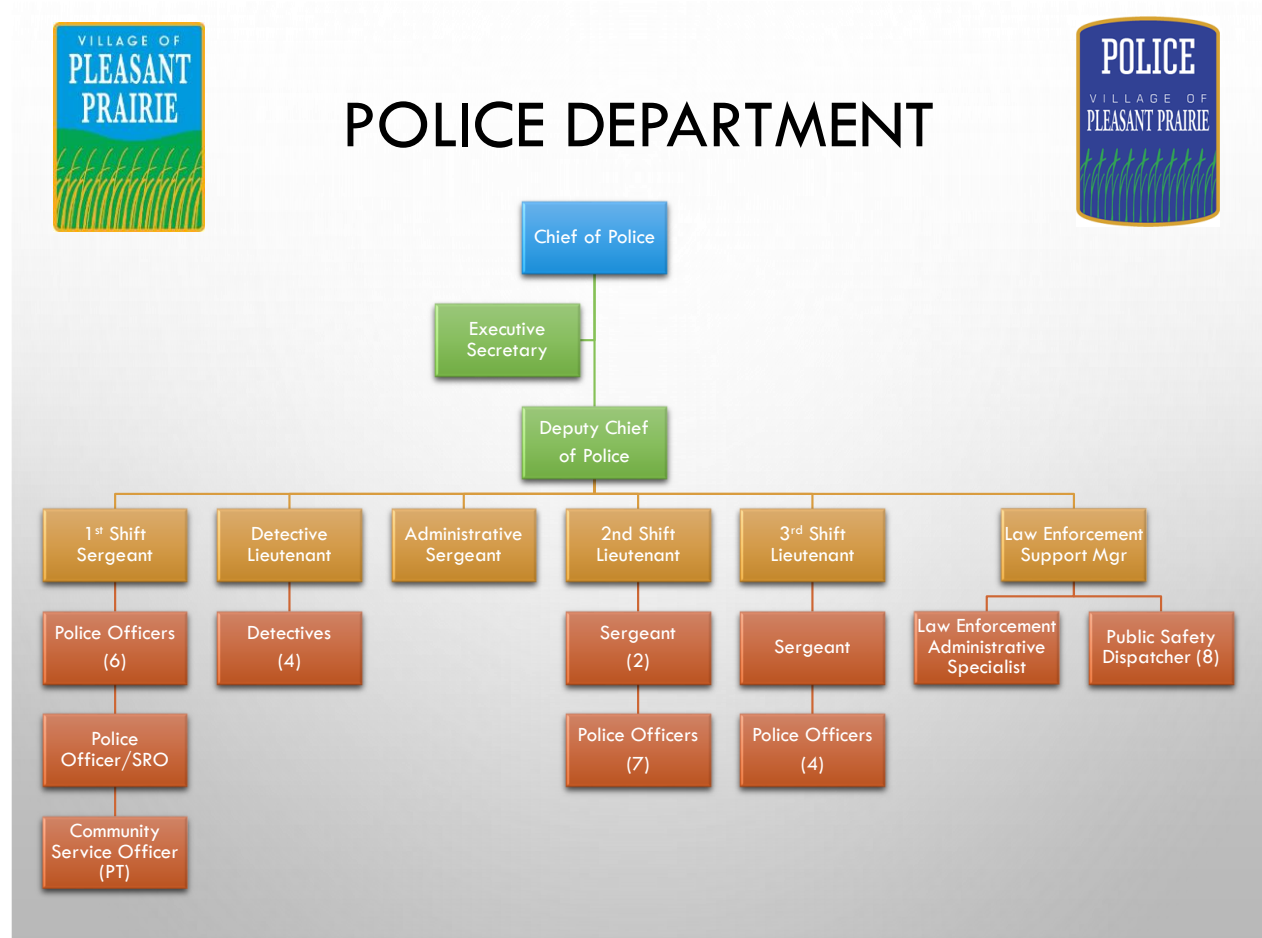

**Investigative Bureau Command
Lieutenant Paul Marik**

**3rd Shift Command
Lieutenant Barry Ollila**

Organizational Chart

Your Police Department

Who We Are

The Pleasant Prairie Police Department employs thirty-six Sworn Officers, one Community Service Officer, one Law Enforcement Support Manager, one Law Enforcement Administrative Specialist, and one Executive Secretary who serve a community of more than 21,000 residents spanning an area of over thirty-three square miles. In addition, the Department employs eight civilian Public Safety Dispatch employees who handle all calls for service for police, fire, and public works. We are also fortunate to have two volunteer Police Chaplains.

The Pleasant Prairie Police Department is organized into two bureaus; the Patrol Bureau and the Investigative Bureau. Deputy Chief Myles commands first shift patrol with the assistance of Patrol Sergeant Biernat and Administrative Sergeant Durkee, and at times Lieutenant Marik of the Investigative Bureau. Lieutenant Jung commands second shift with the assistance of Patrol Sergeant Schaffer and Patrol Sergeant Mogensen. Lieutenant Ollila commands third shift with the assistance of Patrol Sergeant Brown. Lieutenant Marik commands the Investigative Bureau.

The function of each bureau is an important component in assuring that the Pleasant Prairie Police Department maintains the professional operation expected by the community we serve.

Our department values independent decision making and problem-solving strategies. Using a community-oriented policing philosophy, our department has fostered strong partnerships between our schools, faith-

based community, civic organizations, and citizens. This type of collaboration greatly enhances our crime fighting tactics and tends to reduce crime and the fear of crime in our community.

We believe that preventing crime is a community effort and it is our role, as your Police Department, to provide the training and information necessary to help our citizens take an active part in crime fighting efforts.

Every member of the Pleasant Prairie Police Department is committed to our Mission and Core Value statements, which are summed up in our Mission Statement: *Professional, Competent, Compassionate.*

Sergeant Heather Mogensen

Accreditation

The primary mission of the Wisconsin Law Enforcement Accreditation Group, or WILEAG, is to offer a voluntary and affordable method of achieving professionalism through the accreditation of law enforcement agencies and to assist those agencies to better serve their communities.

Accreditation is a progressive and time-proven way of helping institutions evaluate and improve their overall performance. The key to any successful accreditation system lies in the consensus of published standards obtaining a clear statement of professional objectives. WILEAG promotes excellence in law enforcement through participation in a voluntary law enforcement agency accreditation program. Accredited agencies demonstrate compliance with applicable standards covering all aspects of law enforcement administration and operations.

Holding a status of accreditation demonstrates to the community that the police department makes sure that best practices are followed and that they are recognized as the best police practices in the State of Wisconsin.

Patrol Operations

Mission

The mission of the Patrol Bureau is to ensure the safety and security of those who live, work, and visit the Village of Pleasant Prairie. This mission is accomplished by providing timely and professional public safety services to the community utilizing a problem-solving approach in partnership with the community through prevention, suppression, and apprehension strategies. The Patrol Bureau is comprised of Uniformed Patrol Staff, School Resource Officer, K-9 Unit, S.W.A.T., Honor Guard, Drug Recognition, and Accident Investigation. These units make up the largest portion of the Pleasant Prairie Police Department.

K-9 Unit

Officer Michael Algiers is the department's K-9 Handler. Officer Algiers and K-9 Chase were partnered up at T.O.P.S. In Dog Training and went through eight weeks of training to certify them for patrol. Chase is a dual-purpose K-9 that is trained in narcotics detection, evidence locating, tracking, criminal apprehension, and handler protection. In August 2019 Officer Algiers and K-9 Chase completed a patrol certification through the North American Police Work Dog Association (NAPWDA). Officer Algiers and K-9 Chase have been called on numerous occasions to assist both our police department as well as neighboring police agencies. They continue to train and build on their skills as a team.

Tactical Response Team (TRT)

Tactical Response Teams continue to play a vital role in enforcing laws, particularly in situations that regular patrol officers aren't trained or equipped to handle. The goal of the TRT team is to respond quickly to dangerous situations and bring them to a swift and hopefully non-violent conclusion.

Ultimately, the goal is to mitigate and minimize casualties to whatever extent possible through special training and tactics. In so doing, their function provides a greater service to the public at large.

The Kenosha County Sheriff's Department runs the S.W.A.T. team, with two Pleasant Prairie Police Department members on the team; Officer Michael Algiers and Officer Neil Steinmetz. Several City of Kenosha Police Department members are also on the team. This year Lieutenant Paul Marik retired from the team.

Crisis Negotiation Unit

Hostage or Crisis negotiation is a technique used to communicate with people who are threatening violence in any number of situations, including workplace violence, domestic violence, or suicide. This can include barricaded subjects, stalkers, criminals attempting to escape, and hostage-takers.

Hostage negotiation is often initiated by the first officer(s) on the scene until relieved by other specially trained law enforcement members. Officer Andrea Brey is part of the Kenosha County Sheriff's Department's Hostage Negotiation Team. Officer Brey has completed the FBI's Basic Crisis Negotiation Training, the National Tactical Officers Association's Advanced Crisis Negotiation Training, Crisis Intervention Training, Advanced Crisis Intervention Training, and regularly attends Wisconsin Crisis Negotiators Association conferences.

Crisis Intervention Team (C.I.T.)

C.I.T. officers have undergone training to de-escalate without force, properly restrain individuals and make initial assessments on how to handle a crisis situation. Ideally, once a C.I.T. trained officer responds to a call, they can help de-escalate the situation, keeping the subject and bystanders safe, and then put those involved in contact with the mental health resources that are needed. These officers attend regular in-service trainings, meetings with other C.I.T. members and boards, while completing their normal duties as law enforcement officers.

The goal of the Pleasant Prairie Police Department is to have every member trained in C.I.T. Well over half of our members are trained so far.

School Resource Officer

The Pleasant Prairie Police Department has one School Resource Officer, Officer Mikal Sexton. School Resource Officers take an interactive approach with students at their schools. They not only investigate crimes on campus, but also participate in a variety of activities including the following:

- Act as a liaison between school administration and the Police Department.
- Perform classroom presentations concerning law enforcement as a career, child safety, traffic safety, drug prevention, and alcohol prevention.
- Patrol campuses and surrounding neighborhoods.
- Coordinate and implement active shooter drills.
- Work collaboratively with the Police Investigative Bureau and other Kenosha County agencies.

The School Resource Officer maintains an open and honest relationship with students, which promotes a positive image of law enforcement, often preventing incidents from arising on campus due to their presence and relationships with the community. Working closely with the schools, the youth, and their families, the Pleasant Prairie Police Department strives to keep our children safe.

Motorcycle Unit

The Pleasant Prairie Police Department has one Harley Davidson motorcycle which is operated by First Shift Motor Officer Patrick Gainer. The motorcycle is used during the spring, summer, and fall. Besides being used for normal patrol, it is used for traffic enforcement and for special events such as triathlons and parades.

Prior to operating the motorcycle, Officer Gainer will be attending Motor Officer Training put on by Northwestern University. This nationally recognized school will prepare Officer Gainer to operate the motor safely and effectively. Ongoing training will occur in Kenosha.

Evidence Response Team

In recent years, Chief Smetana identified evidence processing as a discipline in which the agency wanted to improve. The Pleasant Prairie Police Department observed an increase in cases where evidence processing was necessary and created an Evidence Response Team.

The Evidence Response Team was established and overseen by Lieutenant Barry Ollila. The team includes four Detectives and seven Patrol Officers.

Training for the Evidence Response Team comprised of all aspects of evidence. Practical exercises included, but were not limited to: documentation, collection, preservation, finger printing, diagramming, photography, and DNA collection.

Since the Evidence Response Team was formed, the agency has called upon this team to conduct the evidence processing of numerous cases. These cases have been handled very well by this dedicated group of personnel. Each team member has continually increased their knowledge, skills, and abilities by processing cases and attending additional training. The Evidence Response Team will continue to be an asset to the agency all while exhibiting Professional, Competent, and Compassionate service to the Village of Pleasant Prairie.

Impaired Driving Enforcement

The Pleasant Prairie Police Department places a high priority on DUI enforcement. In every state, it's illegal to drive with a BAC of .08 or higher, yet one person is killed in a drunk driving crash every fifty minutes in the United States. That's roughly thirty people a day.

The Pleasant Prairie Police Department relies on the patrol officers' constant vigilance looking for impaired drivers. Officers patrol Village streets with the focus of identifying drivers who display objective symptoms of being under the influence of alcohol or drugs. We also rely on assistance from citizens to identify impaired drivers. Using the "911" system, citizens can call to alert police to possible DUI drivers. Sergeant Derek Andrews is a certified Drug Recognition Expert (DRE).

Community Service Officer

The Community Service Officer, Kristen DeSchaaf, has many different responsibilities. Some of the main duties of the CSO are parking enforcement, motorist assistance, radar trailer deployment, traffic control for special events and police scenes, child passenger seat safety inspection, and department tours.

The Community Service Officer has many certifications which includes but not limited to:

- Narcan Trained
- CPR/AED Trained
- Traffic Incident Management Certified
- Crisis Intervention Partner Certified
- Child Passenger Safety Inspector Certified
- Mental Health First Aid Certified

Police Chaplains

The Chaplains of the Pleasant Prairie Police Department exist to be a resource to community members, officers, and other department personnel. Chaplains Pastor David Pagel (L) and Pastor Charlie Hansen (R) are on call to be utilized by officers in the community when there is a critical incident where a tragic or sudden loss has occurred. They interface with community members to help them deal with sudden trauma and grief providing them with a caring presence as well as additional resources to help them through their ordeal. Chaplains also work directly with officers and personnel as a resource to them as they deal with the stress

and demands of law enforcement. The work of a law enforcement Chaplain encompasses the tangible, emotional, and spiritual needs of people under duress.

The duties of the Police Chaplain may include, but are not limited to:

- Riding along with officers on routine patrol on various shifts.
- Offer training to officers in areas of critical incident stress management and dealing with the public during traumatic events.
- Accompanying a police officer to assist with death notifications.
- Working with police officers to assist in any kind of crisis where the presence of a trained Chaplain might help.
- Counseling department members in response to stress or family crisis problems. Counsel is privileged and confidential between the officer and Chaplain involved.
- Visiting with sick or injured members of the department.
- Offering invocations at special occasions such as recruit graduations, award ceremonies, and dedications of buildings, etc.
- Assisting the Police Department in the performance of appropriate ceremonial functions.
- Providing practical assistance to victims.

PEER Support

The Pleasant Prairie Police Department's PEER team is dedicated to taking care of our law enforcement members and their families during times of personal and professional crisis. PEER provides a confidential, non-judgmental opportunity to share personal experiences with other members.

PEER support provides an empathic, listening ear while providing educational material, external recourses, survival stories, facilitation for professional help, and much more.

Through PEER support, members can increase self-esteem, confidence, social skills, coping skills, illness management, and healthy lifestyles while it has the potential to reduce substance abuse, health care costs, mortality reduction, and depression.

The main objective of the Pleasant Prairie Peer Support Team is to provide all members the opportunity to receive emotional and tangible support before any problem escalates to a crisis level. PEER strongly promotes the sense that members are not fighting alone and encourage the idea that seeking help is not a weakness.

Investigative Operations

Mission

The mission of the Investigative Bureau is to identify and arrest those individuals who engage in criminal activity. Our Detectives investigate all crimes occurring in the Village of Pleasant Prairie that are beyond the resources of the Patrol Bureau. The Investigative Bureau is managed by a Lieutenant who is responsible for assigning cases to our four Detectives, and handling day-to-day operations.

Detectives work closely with other law enforcement agencies, local courts, and the District Attorney's Offices. Detectives participate in all forms of investigative activities which include: surveillance, serving arrest warrants and search warrants, evidence processing, and interview and interrogation. Detectives investigate a wide variety of crime which ranges from fraud to homicide. Some investigations can take months and sometimes years to fully investigate. Our Detectives have an advanced level of expertise by attending specialized training and by working complex cases.

Case Spotlight

Pursuits

During 2020 a troubling crime trend developed and spread throughout southeast Wisconsin and northern Illinois. The increase in vehicle pursuits during this year was dramatic. In 2019 we engaged in twenty-nine pursuits, that number rose to a staggering sixty-six pursuits in 2020, a shocking increase of 127%.

Generally, these vehicles were traveling through our community and generally fell into three categories, stolen vehicles, vehicles used in other crimes, and thrill-seeking individuals. Whatever category they fall into, these individuals put the community at an incredible risk as their reckless driving shows a blatant disregard for the safety of others.

The Pleasant Prairie Police Department began a collaborative effort with surrounding agencies to coordinate assistance and resources during these dangerous pursuits. Through a close review of our pursuit policy and with the purchase of new equipment designed to deflate the tires of a fleeing vehicle and bring the pursuit to a safe end, we trained our officers and equipped them to best handle these dangerous criminal acts.

Civil Unrest

On August 23, 2020, City of Kenosha Police Department was involved in the arrest of an individual that ended with the suspect being shot by a Kenosha Police Officer. While the use of force was later determined to be justified by an independent investigation, an independent use of force expert, and the Kenosha County District Attorney, the reaction from a segment of the community was swift and violent.

Groups with no ties to Kenosha traveled to the area for what was an ongoing event including multiple arson fires, criminal damage, and two homicides. As the situation developed, Pleasant Prairie Police Department personnel who were assigned to multi-jurisdictional special teams, responded to the City of Kenosha to assist with the civil unrest.

For several days, fear, anxiety, and violence gripped the greater Kenosha area. Pleasant Prairie Police Department officers and communications personnel worked twelve hour shifts for multiple deployments until the violence subsided to maximize the number of officers protecting our Village while assisting neighboring jurisdictions.

Pleasant Prairie Police Department officers and staff worked long hours under challenging conditions before order was restored and we were able to return to a regular work schedule. The efforts exhibited by the officers, staff, and their families were incredible. The community responded and demonstrated their support for our agency and law enforcement in general. We remain truly humbled at the level of support we received during this difficult period.

Communications

The Village of Pleasant Prairie has its own Public Safety Answering Point (PSAP). Our PSAP is considered a secondary PSAP because 911 calls are first answered by Kenosha County Joint Services and then transferred to the Pleasant Prairie Communications Center for calls that are within the Village of Pleasant Prairie. Our Communications Center is located within the Police Department at the Roger Prange Municipal Center.

The Communications Center is staffed with seven full time civilian Telecommunicators and one full time civilian Supervisor. Our staff provides round the clock coverage with a minimum of one Telecommunicator on duty.

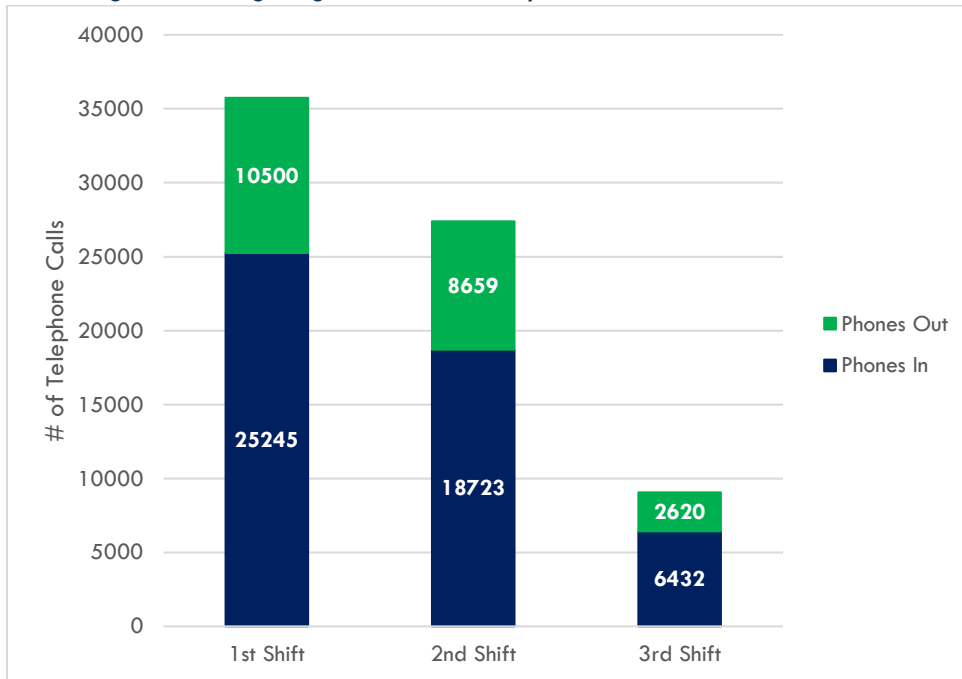

Our Telecommunicators provide a variety of services which include answering a multiline telephone system consisting of six emergency 911 phone lines, three non-emergency police department lines, two non-emergency fire department lines, one public works department after hours emergency line, and four general non-emergency lines. Our Telecommunicators simultaneously enter emergency and non-emergency calls for service into a Computer Aided Dispatch (CAD) system, which assists in assigning emergency responders to calls, and keeps track of call data in one place, that also allows emergency responders have immediate access to call information while the Telecommunicator is still taking the call.

Along with answering and entering calls for service for Police, Fire, and Public Works, our Telecommunicators also provide some clerical duties. They enter and keep track of caller, victim, and offender information and ensure that information is up to date within our department records. They enter warrants for subjects who have not complied with court orders or paid their fines. They enter missing persons and stolen property such as vehicles, firearms, electronics, etc. into the National Crime Information Computer (NCIC).

Community Recognition

Pleasant Prairie Police Appreciation Association (Shields)

In 2020, the Pleasant Prairie Police Appreciation Association purchased five body shields for the Police Department to enhance officer safety. The body armor shields are lightweight and foldable to store inside patrol vehicles. In dangerous situations, an officer can unroll the shield for an additional measure of protection against firearms.

The body armor shield is easy for an officer to deploy and use for an extended period. Heavier shields can be cumbersome, awkward, and hard to maintain. Currently, we have a tactical vest in each squad along with a ballistic helmet. These shields will augment those tools and offer our officers another level of protection.

IRIS USA Mask Donations

IRIS USA donated 8,400 disposable face masks to the Village of Pleasant Prairie Police Department to support public safety personnel. The mask donation timing aligned with the new executive order that Governor Evers announced July 30, which required Wisconsin residents to wear face coverings. "IRIS USA has stepped up time and time again to assist in our operation to keep the community safe," said David Smetana, Police Chief. "Our Public Safety Officers are masked up and out working with the public every day. The masks are excellent supplies, and the donation couldn't be timelier." The July 31 donation is the second substantial contribution of disposable face masks that IRIS USA has made to the Village. The earlier donation given in May provided 10,000 face masks. "The Village is exceptionally grateful to have a wonderful community partner like IRIS USA," said Nathan Thiel, Village Administrator. "We are inspired by the generous donation that will help keep the Village's public safety personnel protected." In April, IRIS USA announced plans to start making disposable facemasks at their 570,000-square-foot, 250-employee manufacturing plant in the Village. The company has invested \$10 million into new machinery to produce disposable face masks. The plant's upgrades are nearly complete, and the facility plans to begin manufacturing face masks in October. Once the new equipment is operational, the facility will create an estimated 120 million disposable face masks each month.

COVID-19 Impact

Throughout 2020 Pleasant Prairie Police Department was dealing with the pandemic along with the rest of society. Being essential workers, we maintained our presence and work schedule and our mission carried on. The Police Department laid out contingency plans for the possibility of personnel shortage in the event of our employees being affected by the pandemic.

Working closely with our Village Administration, Kenosha County Health Department, health care providers, and local community partners we prepared for the worst while maintaining a positive attitude. We kept our work environment safe, initiated new cleaning and sanitizing protocols for the station and our squads and insured that officers had proper protective equipment to carry out their mission.

We altered our operational mission as the closing of some of the retail and service providers allowed us self-initiated time which we utilized to patrol our subdivisions and neighborhood communities. This concentration of our patrol efforts was a visible reminder to our neighbors that, during a difficult and stressful time, public safety and law and order was intact and that we were there for our community.

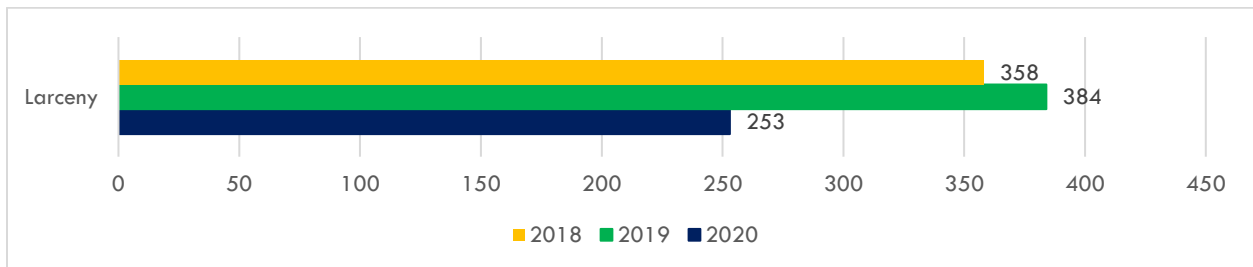

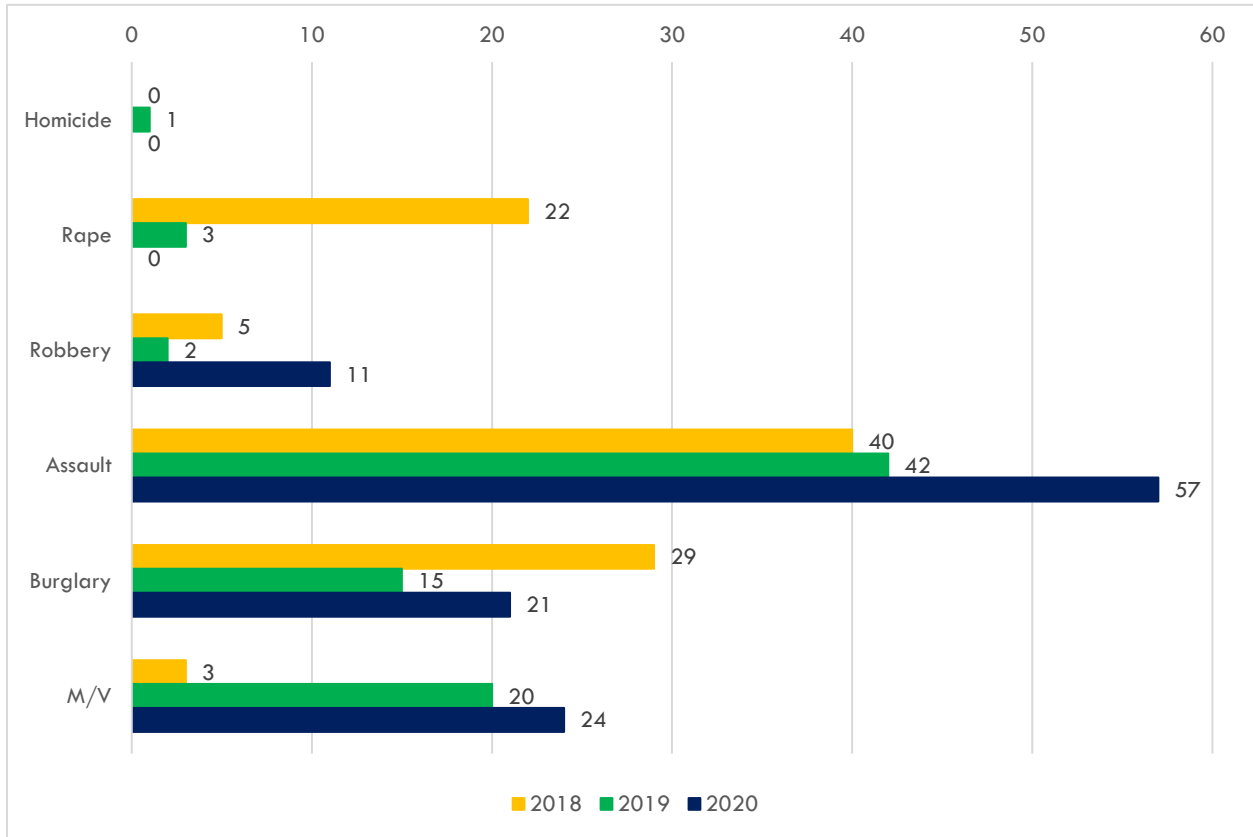

National Incident Based Reporting System

In 2020 the Pleasant Prairie Police Department switched federal crime reporting systems as required by the United States Department of Justice. Previously agencies used summary-based reporting (SBR) which was only a snapshot of the crime in their communities as it only reported the most serious offense in any given incident. The National Incident Based Reporting System (NIBRS) will track more crime types and up to ten offenses per incident instead of just one. This change may initially give the appearance of an increase in crime in our community but this is not the case as we are now reporting more types and offenses not previously required. The National Incident Based Reporting System allows users a deeper more thorough look into a community's crime statistics.

Work on the conversion to the National Incident Based Reporting System began in 2019 and continued through much of 2020. The State of Wisconsin Crime Information Bureau, our ProPhoenix records management software vendors, and the Pleasant Prairie Information Technology Department were able to assure the compliancy of our reporting systems which included an entire rebuild of the database before we went live October 1, 2020 and began submitting reports. After the three month submission review period with the State of Wisconsin Crime Information Bureau the Pleasant Prairie Police Department was cleared to discontinue using the older summary-based system.

Giving Back & Being Involved

Honor Guard

The Pleasant Prairie Police Department's Honor Guard began in 2000. The Honor Guard functions as ambassadors for the Police Department and the Village of Pleasant Prairie. The Honor Guard members present the colors of our Nation, State, and Village at many events within southeast Wisconsin. Members of the Honor Guard are screened for their personal appearance, motivation, conduct, and show an aptitude for ceremonial duty. Those officers which exhibit these traits are selected.
