From the Chief of Police

Message from Chief David Smetana

It is an honor to be able to represent the Village of Pleasant Prairie Police Department and to present to the community our 2022 Annual Report.

The efforts, skills and abilities of our officers and staff were highlighted throughout 2022. In a new county wide venture, which was developed and organized by members of the Pleasant Prairie Police Department, the formation and service of a multi-agency crash investigation team began. Throughout the year we met with our partners from the Kenosha Police Department, Kenosha County Sheriff's Department, Twin Lakes Police Department, Kenosha County District Attorney's Office and the Kenosha County Medical Examiner's Office who all joined forces to contribute expertise, training and equipment to this vital team that was formed to investigate serious crashes in Kenosha County. The advantage is that each agency plays a role and benefits from the team's work.

Early in the year, we made the decision as a Village to place a referendum on the ballot for additional public safety personnel. In April of 2022, the referendum passed, and we spent the year planning and recruiting excellent officers to serve our community. We acknowledge that without the support of our citizens, we would not have been able to hire the four additional officers. As always, we are grateful to serve the Village of Pleasant Prairie and the outstanding residents and businesses who call it home.

The community investment in our agency was also notable with the planning phase of our new police department scheduled to open in mid-2024. The new facility will enable us to host community meetings for the public and international quality training sessions for our officers. It will provide for the growth of the agency in areas such as evidence management, evidence processing, and training. Other enhancements include updated locker room facilities, additional meeting and office areas as well as critical training space. The new facility will allow us to secure our vehicles and equipment inside the garage and out of the elements. The new building is designed for the future, and it will serve our community for decades to come.

Again, thank you for allowing us to serve you and I hope you find our annual report a positive reflection of the dedicated law enforcement that was accomplished in 2022.

Our Code of Ethics

I am a professional police officer whose fundamental obligations are to safeguard life and property, while protecting and respecting the constitutional rights and freedoms of the people.

While I consider the way I choose to conduct my private affairs a personal freedom, I accept responsibility for my actions and inaction, while on duty or off duty, when those actions or inaction bring disrepute on the image of the Pleasant Prairie Police Department, my fellow officers, or the profession.

I will perform all of my duties in a professional and competent manner. I consider the responsibility to be brave in the face of danger, and to exercise restraint in the use of my powers, to be the ultimate public trust. I accept that I am expected to consistently strive to achieve excellence in the performance of my duties. I will take affirmative steps to keep myself physically fit and mentally prepared to do the job the Village of Pleasant Prairie pays me to do.

I will be honest and tell the truth. I will not engage in misleading others, telling half-truths, or withholding information from those who depend on my being honest. I will obey the laws I am sworn to uphold. I will seek ways to comply with the standards of the Pleasant Prairie Police Department. I will obey the lawful orders of my supervisors.

I will treat others with courtesy. I consider it a professional weakness to allow others' behavior to cause me to lose control or act in an inappropriate manner. I will not allow others' actions or failures to become my excuse for not performing my duties in a responsible manner.

I will empathize with the problems and burdens of those people with whom I come into daily contact. However, I will not allow my personal feelings, prejudices, or friendships to influence the discretionary authority entrusted to my job. I will seek ways to avoid conflicts of interest that could compromise my official authority or public image.

I hold the authority inherent in my position to be an affirmation of the public's trust in me as a police officer. I do not take this trust lightly. As long as I remain in this position, I will dedicate myself to maintaining this trust and upholding the ideals of the profession.

Our Mission Statement

Mission Statement

It is the mission of the Pleasant Prairie Police Department to be the model of excellence in policing by building partnerships with our community and others to be:

Professional - We conduct ourselves like professionals from our dealings with the public to our dealings with each other. This encompasses the fact that we are reliable, ethical, and highly trained.

Competent - We hold ourselves accountable for our ability to fulfill all aspects of our job. We seek additional training to develop our skill sets that are required to protect and serve our community.

Compassionate - We serve as Guardian Warriors. While we are compassionate towards all and take pride in treating our fellow community members with compassion and empathy, we are also passionate about protecting our community and vow to do so.

Police Administration

**Captain of Patrol
Captain Paul Marik**

**Captain of Operations
Captain Barry Ollila**

Organizational Chart

Your Police Department

Who We Are

The Pleasant Prairie Police Department employs thirty-six Sworn Officers, one Community Service Officer, one Law Enforcement Support Manager, one Law Enforcement Administrative Specialist, and one Executive Secretary who serve a community of more than 21,000 residents spanning an area of over thirty-three square miles. In addition, the Department employs eight civilian Public Safety Dispatch employees who handle all calls for service for Police, Fire, and Public Works. We are also fortunate to have two volunteer Police Chaplains.

The Pleasant Prairie Police Department is organized into two bureaus: the Patrol Bureau and the Investigative Bureau. Captain Paul Marik oversees the Patrol Bureau. Captain Marik is assisted by Lieutenant Zachary Quever, who is assigned to second shift. Additionally, six patrol Sergeants are assigned across all three shifts.

Captain Barry Ollila oversees the Investigative Bureau. The Investigations Bureau is comprised of three Detectives who investigate all reported crimes. Another Detective is assigned to the Special Investigations Unit which is comprised of several different law enforcement partners. The function of each bureau is an important component in assuring that the Pleasant Prairie Police Department maintains the professional operation expected by the community we serve.

Our department values independent decision making and problem-solving strategies. Using a community-oriented policing philosophy, our department has fostered strong partnerships between our schools, faith-based community, civic organizations, and citizens. This type of collaboration greatly enhances our crime fighting tactics and tends to reduce crime and the fear of crime in our community.

We believe that preventing crime is a community effort and it is our role, as your Police Department, to provide the training and information necessary to help our citizens take an active part in crime fighting efforts.

Every member of the Pleasant Prairie Police Department is committed to our Mission and Core Value Statements, which are summed up in our Mission Statement: Professional, Competent, Compassionate.

Accreditation

The primary mission of the Wisconsin Law Enforcement Accreditation Group, or WILEAG, is to offer a voluntary and affordable method of achieving professionalism through the accreditation of law enforcement agencies and to assist those agencies to better serve their communities.

Accreditation is a progressive and time-proven way of helping institutions evaluate and improve their overall performance. The key to any successful accreditation system lies in the consensus of published standards obtaining a clear statement of professional objectives. WILEAG promotes excellence in law enforcement through participation in a voluntary law enforcement agency accreditation program. Accredited agencies demonstrate compliance with applicable standards covering all aspects of law enforcement administration and operations.

Holding a status of accreditation demonstrates to the community that the police department makes sure that best practices are followed and that they are recognized as the best police practices in the State of Wisconsin.

Patrol Operations

Mission

The mission of the Patrol Bureau is to ensure the safety and security of those who live, work, and visit the Village of Pleasant Prairie. This mission is accomplished by providing timely and professional public safety services to the community utilizing a problem-solving approach in partnership with the community through prevention, suppression, and apprehension strategies. The Patrol Bureau is comprised of

Uniformed Patrol Staff, School Resource Officer, K-9 Unit, TRT, Honor Guard, Drug Recognition, and Accident Investigation. These units make up the largest portion of the Pleasant Prairie Police Department.

K-9 Unit

Sergeant Michael Algiers has been the department's K-9 Handler since June 2019. Sergeant Algiers and K-9 Chase were partnered up at T.O.P.S. In Dog Training and went through eight weeks of training to certify them for patrol. Chase is a dual-purpose K-9 that is trained in narcotics detection, evidence locating, tracking, criminal apprehension, and handler protection. In August 2019 Sergeant Algiers and K-9 Chase completed a patrol certification through the North American Police Work Dog Association (NAPWDA). Sergeant Algiers and K-9 Chase have been called on numerous occasions to assist both our police department as well as neighboring police agencies. They continue to train and build on their skills as a team.

Tactical Response Team (TRT)

Tactical Response Teams continue to play a vital role in enforcing laws, particularly in situations where regular patrol officers aren't trained or equipped to handle. The goal of the TRT team is to respond quickly to dangerous situations and bring them to a swift and hopefully non-violent conclusion.

Ultimately, the goal is to mitigate and minimize casualties to whatever extent possible through special training and tactics. In so doing, their function provides a greater service to the public at large.

The Kenosha County Sheriff's Department runs the TRT team, with two Pleasant Prairie Police Department members on the team; Sergeant Michael Algiers and Officer Neil Steinmetz.

Crisis Negotiation Unit

Hostage or Crisis negotiation is a technique used to communicate with people who are threatening violence in any number of situations, including workplace violence, domestic violence, or suicide. This can include barricaded subjects, stalkers, criminals attempting to escape, and hostage-takers.

Hostage negotiation is often initiated by the first officer(s) on the scene until relieved by other specially trained law enforcement members. Officer Andrea Brey is part of the Kenosha County Sheriff's Department's Hostage Negotiation Team. Officer Brey has completed the FBI's Basic Crisis Negotiation Training, the National Tactical Officers Association's Advanced Crisis Negotiation Training, Crisis Intervention Training, Advanced Crisis Intervention Training, and regularly attends Wisconsin Crisis Negotiators Association conferences.

Crisis Intervention Team (C.I.T.)

C.I.T. officers have undergone training to de-escalate without force, properly restrain individuals and make initial assessments on how to handle a crisis situation. Ideally, once a C.I.T. trained officer responds to a call, they can help de-escalate the situation, keeping the subject and bystanders safe, and then put those involved in contact with the mental health resources that are needed. These officers attend regular in-service training, meetings with other C.I.T. members and boards, while completing their normal duties as law enforcement officers.

The goal of the Pleasant Prairie Police Department is to have every member trained in C.I.T. Currently there are 16 sworn officers who have attended Crisis Intervention Training. In addition to the officers, there are 6 dispatchers who have attended Crisis Intervention Partner (C.I.P.) training,

Motorcycle Unit

The Pleasant Prairie Police Department has one Harley Davidson motorcycle which is operated by First Shift Motor Officer Patrick Gainer. The motorcycle is used during the spring, summer, and fall. Besides being used for normal patrols, it is used for traffic enforcement and for special events such as triathlons and parades.

Prior to operating the motorcycle, Officer Gainer attended Motor Officer Training put on by Northwestern University. This nationally recognized school prepared Officer Gainer to operate the motor safely and effectively.

School Resource Officer

The Pleasant Prairie Police Department has one School Resource Officer, Officer Sarai Anguiano. School Resource Officers take an interactive approach with students at their schools. They not only investigate crimes on campus, but also participate in a variety of activities including the following:

- Act as a liaison between the school administration and the Police Department.
- Perform classroom presentations concerning law enforcement as a career, child safety, traffic safety, drug prevention, and alcohol prevention.
- Patrol campuses and surrounding neighborhoods.
- Coordinate and implement active shooter drills.
- Work collaboratively with the Police Investigative Bureau and other Kenosha County agencies.

The School Resource Officer maintains an open and honest relationship with students, which promotes a positive image of law enforcement, often preventing incidents from arising on campus due to their presence and relationships with the community. Working closely with the schools, the youth, and their families, the Pleasant Prairie Police Department strives to keep our children safe.

Evidence Response Team

At the beginning of each calendar year, the Evidence Team assesses training needs. In 2022, the Evidence Team participated in several different trainings. These trainings included, but were not limited to the following:

- Shooting Evidence
- Fire Evidence
- Vehicle Evidence Processing
- Sexual Assault
- DNA Evidence
- Suspicious Death

The Evidence Team continues to be a successful contribution to the Pleasant Prairie Police Department. In 2022, evidence team members participated in practical exercises. These exercises involved mock crime scenes where members would properly document the scene and a significant emphasis was placed on photography. Photography is a very important part of crime scene documentation. It is important our evidence team members are proficient in the use of digital cameras.

Photographs obtained from crime scenes are used in court and support the prosecution of subjects who commit these crimes. This training took place on Meijer property who partnered with us to make this training a success.

M.C.A.T – Major Crash Assistance Team

In 2021, the need was recognized for the availability of a county-wide team specializing in the investigation of serious motor vehicle crashes. After nearly a year of planning and training the Kenosha County Major Crash Assistance Team (MCAT) went live on December 1st, 2022. MCAT will respond to crashes involving a fatality or involving the imminent death of an individual in Kenosha County.

MCAT is a multi-jurisdictional team consisting of members from the Kenosha County Sheriff's Department, Pleasant Prairie Police Department, Kenosha Police Department, and Twin Lakes Police Department in cooperation with the Kenosha County District Attorney's Office and the Kenosha County Medical Examiner's Office.

MCAT members receive advanced training in crash analysis and reconstruction as well as evidence collection and documentation. Pleasant Prairie Police has eight members part of MCAT: two drone operators, three crash investigators, two drug recognition experts and one reconstructionist.

Drone Team

The Pleasant Prairie Police Department recently adopted its very own Drone Program in the Fall of 2022. Drones have been utilized by Police Departments throughout the Nation. Drones provide an aerial perspective for law enforcement with rapid deployment capabilities. Pleasant Prairie Police Department uses drones to efficiently analyze accident scenes, aid in search and rescue missions, and are able to examine a whole situation while limiting risks to officers and suspects.

The Pleasant Prairie Police Department has seven FAA Part 107 licensed pilots within the department. All these pilots had to go through extensive flight training to obtain their pilots' license. Our department has two drones which include the DJI Mavic Air 3 and the Autel Evo II with a thermal camera. The Drone Program has already had huge impacts within the department and also while assisting other local agencies. Our Drone Program has a bright future, and our team looks forward to providing this high quality of service to our village residents.

Police Chaplains

The Chaplains of the Pleasant Prairie Police Department exist to be a resource to community members, officers, and other department personnel. Chaplains Pastor David Pagel (L) and Pastor Charlie Hansen (R) are on call to be utilized by officers in the community when there is a critical incident where a tragic or sudden loss has occurred. They interface with community members to help them deal with sudden trauma and grief, providing them with a caring presence as well as additional resources to help them through their ordeal. Chaplains also work directly with officers and personnel as a resource to

them as they deal with the stress and demands of law enforcement. The work of a law enforcement Chaplain encompasses the tangible, emotional, and spiritual needs of people under duress.

The duties of the Police Chaplain may include, but are not limited to:

- Riding along with officers on routine patrol on various shifts.
- Offer training to officers in areas of critical incident stress management and dealing with the public during traumatic events.
- Accompanying a police officer to assist with death notifications.
- Working with police officers to assist in any kind of crisis where the presence of a trained Chaplain might help.
- Counseling department members in response to stress or family crisis problems. The counseling is privileged and confidential between the officer and Chaplain involved.
- Visiting sick or injured members of the department.
- Offering invocations at special occasions such as recruit graduations, award ceremonies, and dedications of buildings, etc.
- Assisting the Police Department in the performance of appropriate ceremonial functions.
- Providing practical assistance to victims.

PEER Support

The Pleasant Prairie Police Department's PEER team is dedicated to taking care of our law enforcement members and their families during times of personal and professional crisis. PEER provides a confidential, non-judgmental opportunity to share personal experiences with other members.

PEER support provides an empathic, listening ear while providing educational material, external recourses, survival stories, facilitation for professional help, and much more.

Through PEER support, members can increase self-esteem, confidence, social skills, coping skills, illness management, and healthy lifestyles while it has the potential to reduce substance abuse, health care costs, mortality reduction, and depression.

The main objective of the Pleasant Prairie Peer Support Team is to provide all members with the opportunity to receive emotional and tangible support before any problem escalates to a crisis level. PEER strongly promotes the sense that members are not fighting alone and encourages the idea that seeking help is not a weakness.

In 2022, the Pleasant Prairie PEER team was honored to receive training by Dr. Carrie Steiner. Dr. Steiner has an extensive and renowned career in both mental health and police work. Currently, she is a clinical psychologist and specializes in trauma therapy, EMDR, exposure, and cognitive behavioral therapy. Prior to becoming a psychologist, she served 13 years as a Chicago Police Officer. Carrie provided a wealth of knowledge and information to our PEER team. It was a full day of extensive learning.

Investigative Operations

Mission

The mission of the Investigative Bureau is to identify and arrest those individuals who engage in criminal activity. Our Detectives investigate all crimes occurring in the Village of Pleasant Prairie that are beyond the resources of the Patrol Bureau. The Investigative Bureau is managed by a Captain who is responsible for assigning cases to our four Detectives and handling day-to-day operations.

Detectives work closely with other law enforcement agencies, local courts, and the District Attorney's Offices. Detectives participate in all forms of investigative activities which include surveillance, serving arrest warrants and search warrants, evidence processing, and interview and interrogation. Detectives investigate a wide variety of crimes which range from fraud to homicide. Some investigations can take months and sometimes years to fully investigate. Our Detectives have an advanced level of expertise by attending specialized training and by working on complex cases.

Case Spotlight

Residential Burglary

In April of 2022 a resident came home to find that her house had been burglarized. The suspects in this case stole a considerable amount of valuable jewelry. Detective Jim Hackney was assigned to investigate this case. His investigation included collaboration with other agencies, follow-up, processing of evidence, and cell phone analysis. The disposition of this case resulted in the suspects being charged with Burglary, Criminal Damage to Property, and Theft. This is an example of Detective Hackney's attitude of determination and his dedication to his profession.

Stalking Case – Solved by IT Evidence

In July of 2022, a resident came to the Police Department to report nearly six months' worth of harassing personal text messages. The suspect in this case was not known and they were utilizing multiple phone

numbers from an Internet based texting/calling application. The resident also reported that they had confided in a “friend” who was helping them through this ordeal.

This case involved a heavy concentration of technological evidence in the form of forensic phone downloads, informational data warrants, IP address tracking, and CCTV video surveillance. Detectives identified the “friend” as the suspect responsible for all the text messages. Multiple charges of stalking were filed.

Stalking Case – Pursuit and IT Evidence Leads to Arrest

In December of 2022, a resident reported about 6 months of stalking behavior by an ex-boyfriend. Multiple reports were generated, each increasing in levels of aggression and hostility toward the resident. Pleasant Prairie Officers spotted the suspect in a car and pursued the vehicle resulting in a crash. The suspect was observed with a handgun and fled the scene.

The suspect was later observed on Facebook, continuing to make statements directed towards the resident. Detectives were able to locate the suspect utilizing exigent requests through Facebook and ultimately apprehended. Due to the diligent efforts of our Patrol Division and Detective Bureau, the suspect is now incarcerated awaiting trial on multiple counts of 2nd Degree Reckless Endangerment, Stalking, and Bail jumping.

Public Safety Communications

The Village of Pleasant Prairie has its own Public Safety Answering Point (PSAP). Our PSAP is considered a secondary PSAP because 911 calls are first answered by Kenosha County Joint Services and then transferred to the Pleasant Prairie Public Safety Communications Center for calls that are within the Village of Pleasant Prairie. Our Public Safety Communications Center is located within the Police Department at the Roger Prange Municipal Center.

The Public Safety Communications Center is staffed with full-time civilian Telecommunicators. Our staff provides round-the-clock coverage with a minimum of one Telecommunicator on duty.

Our Telecommunicators provide a variety of services which include answering a multiline telephone system consisting of six emergency 911 phone lines, three non-emergency police department lines, two non-emergency fire department lines, one public works department after hours emergency line, and four general non-emergency lines. Our Telecommunicators simultaneously enter emergency and non-emergency calls for service into a Computer Aided Dispatch (CAD) system, which assists in assigning

emergency responders to calls and consolidates call data in one place. This allows emergency responders to have immediate access to call information while the Telecommunicator is still taking the call.

Along with answering and entering calls for services for Police, Fire, and Public Works, our Telecommunicators also provide some clerical duties. They enter and keep track of caller, victim, and offender information and ensure that information is up to date within our department records. They enter warrants for subjects who have not complied with court orders or paid their fines. They enter missing persons and stolen property such as vehicles, firearms, electronics, etc. into the National Crime Information Computer (NCIC).

National Incident Based Reporting System (NIBRS)

In 2021 the Pleasant Prairie Police Department switched federal crime reporting systems as required by the United States Department of Justice. Previously agencies used summary-based reporting (SBR) which was only a snapshot of the crime in their communities as it only reported the most serious offense in any given incident. The National Incident Based Reporting System (NIBRS) will track more crime types and up to ten offenses per incident instead of just one. This change may initially give the appearance of an increase in crime in our community, but this is not the case as we are now reporting more types and offenses not previously required. The National Incident Based Reporting System allows users a deeper more thorough look into a community's crime statistics.

Awards Program

The Village of Pleasant Prairie Police Departments Award Program recognizes officers and staff of the Police Department as well as members of the public. The Pleasant Prairie Police Departments mission is

to deliver “professional, competent, and compassionate service” from all its members with the expectation that they perform their duties with a high level of professional conduct. We recognize there are times when our officers and staff exceed these high standards. Recognition of these accomplishments with an official commendation on a

department level serves to enhance the morale of our agency and its

standing in the community. The department also gives recognition to officers who take on additional responsibilities and roles within the agency and to citizens of communities who substantially assist our department in a manner beyond their normal civic responsibilities.

It is the policy of the Pleasant Prairie Police Department to present commendations and awards to those employees and citizens who demonstrate superior handling of difficult situations, conspicuous bravery or outstanding performance for actions that are above and beyond typical duties.

Giving Back and Being Involved

Honor Guard

The Pleasant Prairie Police Department's Honor Guard began in 2000. The Honor Guard functions as ambassadors for the Police Department and the Village of Pleasant Prairie. The Honor Guard members present the colors of our Nation, State, and Village at many events within southeast Wisconsin. Members of the Honor Guard are screened for their personal appearance, motivation, conduct, and show an aptitude for ceremonial duty. Those officers which exhibit these traits are selected.
