

SOUTHBOUND WIS 31 (GREEN BAY ROAD) TRAFFIC SWITCH

The Wisconsin Department of Transportation (WisDOT) is underway with reconstructing WIS 50 (75th Street), between 117th and 43rd avenues, in Kenosha County. The following work is scheduled to take place as part of this project.

Friday, November 18:

- Traffic on southbound WIS 31 (Green Bay Road), from just north of 74th Street to 76th Street is scheduled to be shifted east, onto the median lanes, while crews work to place pavement at the intersection of WIS 50 and WIS 31.

Bi-directional traffic on WIS 31 (Green Bay Road) will be maintained throughout construction. Motorists should be aware that dedicated turn lanes and median openings in various locations throughout the project are scheduled to close to traffic while intersections are under construction.

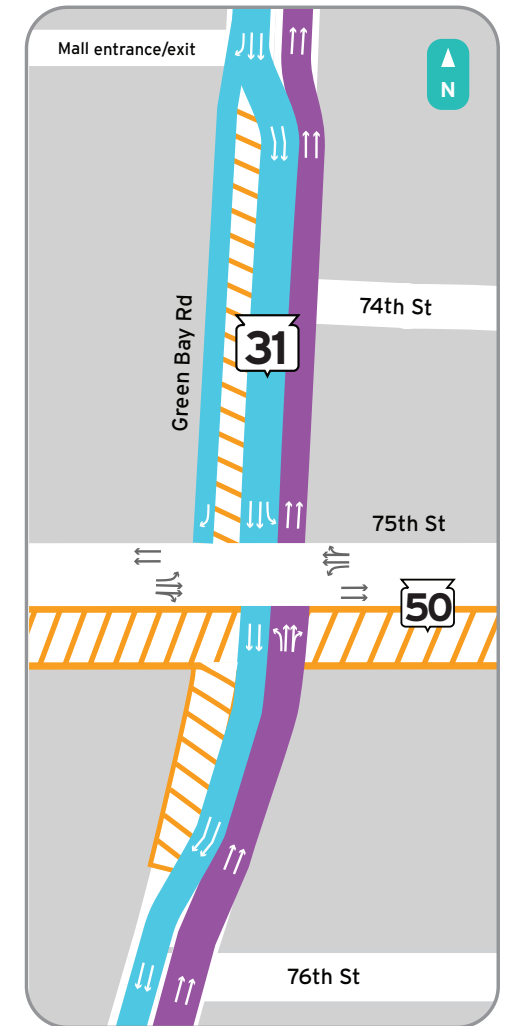

Access to businesses and residences will be maintained throughout construction.

Please note that all work is weather dependent and subject to change.
